This National Awards Program recognises those from all Australian sectors who display innovation and dedication in their work to protect, manage or restore the environment.

The World Environment Day Awards have showcased some of the most important and exciting environmental projects in Australia over the past years. With 2010 designated as the International Year of Biodiversity, the UNAA would like to announce a new award. The 'Biodiversity Award' seeks to recognise the best company, organisation, community or individual that has demonstrated innovation and excellence in the development and management of Australia's biodiversity. The Awards program encourages environmental leadership, and promotes awareness of environmental issues on a global scale.

The World Environment Day Awards are held annually in support of UN World Environment Day on June 5th.

Nominations close Friday 14 May, 2010.

Winners will be announced at the Awards Presentation Dinner to be held at the Grand Hyatt Hotel, on Friday 4 June, 2010.
